

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Diversity and competition in our media is need. It is said that the media is the forth branch of the government. I truely beleive that today. This is a time where the free flow of ideas are need and neccessary to keep the government from overreaching its duty to the people. You at the FCC are given the responsibility by the citiizens to protect our interests. Do your job and protect the public interests.
